

COIN METER? CARD METER? WHY WOULD YOU NOT GO CASHLESS?!

Do you know what prepayment metering options there really are?

Instead of worrying about:

- Coin acceptance
- Emptying cashboxes/collecting coins
- Break-ins and vandalism
- Manual setting of tariffs
- Inconvenient phone calls for the supply of cards
- Having to arrange for tenants to be in to empty their meters or change their rates
- Having to travel to supply cards
- Recovering costs of other utilities like water, gas, heat or EV Charging Points

Speak to your supplier about our range of cost-effective solutions which:

- Are all brand new and MID (Measurement Instruments Directive) Approved, ensuring compliance with all current billing regulations.
- Allow you to recover the costs of all your energy - Electricity, Water, Gas, Heat, EV Charging, with whatever prepayment or post-payment method you like!
- Save the inconvenience to both landlords and tenants of coin meters not accepting coins
- Save the inconvenience of ever having to travel to your properties to empty cashboxes/collect coins/supply cards
- Stop landlords having to confront tenants about the theft of energy, vandalising the meter, stealing coins/fraudulently obtaining electricity cards
- Save the inconvenience of having to travel to your properties to manually change your energy tariffs
- Allow property investors to go further afield in the search of properties to purchase and develop, because everything can be managed remotely from wherever you are in the world!
- Allow managing agents to conveniently manage commercial and residential landlord's utilities faster, simpler, and more accurately.

PLG350-PP

COIN METER? CARD METER? WHY WOULD YOU NOT GO CASHLESS?!

Our solutions for prepayment and post-payment include:

Prepayment:

- Coin
(although we strongly advise our clients on the benefits of a cashless system, we still offer coin and note based modules, via the CM-CTL and EML-TU meters and one of our modular Topup Station solutions)
- Card
- Online
- Cashless
- Contactless Debit/Credit Card
- PayPoint

Post-payment:

- Sub-metering
- Data Collection
- Bill Generation
- BACS
- Direct Debit

We are an Alcumus Safe Contractor Accredited company (Reference: 008262), and offer installation and commissioning services providing an end-to-end solution.

We even have access to an energy brokerage and can save landlords money on their primary gas and electricity bills.
